

2025 VETERANS **INFORMATION EXPO**

Have you served in the United States Armed Forces and want to know what benefits and resources may be available to you?

Did you know: The Department of Veterans Affairs has announced it will improve Veterans' access to health care by extending the length of new VA community care authorizations to one year for 30 standardized types of care. Come find out what types of services are covered by community care!

Veteran ID Card? A Veteran ID Card (VIC) is a digital photo ID you can use to get discounts for Veterans at many stores, businesses, and restaurants. When you have this card, you won't need to carry around your military discharge papers or share sensitive personal information to get discounts. And you don't need to request another type of photo ID card to prove you're a Veteran or to get retail or business discounts.

Come find out if you are eligible to get one!

The **FACT ACT** expands VA health care and benefits to veterans exposed to toxic substances, particularly in specific locations and during specific time periods. This includes veterans who served in Vietnam, Gulf War, and post-9/11 eras, as well as those exposed to burn pits and other toxins. The Act also covers veterans who served in specified locations. Come find out what locations are on the list.
